Chadd,

I wanted to thank you for Hartwig's contribution to this project. Your effort, experience, and intelligence are really beyond any plumbing outfit I've been around in 16-17 years of running work. There is no doubt we would be where we're at without you on this project.

Your plumbers in the field are really top notch guys. Your foreman Tyler really knows what he's doing, and he is a tremendous representative of Hartwig Plumbing.

It goes without saying but Todd is included in everything I have said above, and without his expertise and effort this would not have happened as well.

I've only done this 3-4 times in 17 years so this is rare for me, but I felt like you should know. I will miss all of you.

Thank you again for everything that you have done and it would be my pleasure to work with you again. I hope we do.

Sincerely,

Stan Martenson
